I don't see why not. He called me and left a voice mail on Tuesday, I think. I'm playing catch up today but maybe we can call him tomorrow?

See email exchange below. I asked David Ashton for info he has related to the Dillingham/Albina purchase/merger. Sounds like the Allocation Group has developed info to support a Dillingham merger. Knowing this, can't we request this info directly from Kirk?

Bruce, do we need DIL 's permission to send Lori the Allocation Group's best case on Albina's merger into Dillingham?

I am a little preoccupied with trying to arrange to medivac my sister from Maui to Canada.

I guess the common theme is beating the crap out of insurers.

Sorry, I'm a little stressed right now.

I will call you but it will be next week. I am dealing with a family issue right now, out of town.

Hi, David. Can you give me a call about what evidence you have that Dillingham purchased the liabilities and insurance rights under Albina Engine's policies?
